## ANGEL PAGAN

Angel Pagan is a Latino gangster born in Argentina and raised in Cleveland, Ohio. He rises to the top of the drug world by accident, skill and courage. Half myth and yet enough reality to have police guessing for years he becomes embroiled in a war with Jamaicans that ends with blood everywhere!

Everything gets more complicated when a female news reporter, assigned to cover the story, falls in love with him.

Fast paced!    Good read!    A not to be put down novel!
